TERMS AND CONDITIONS OF SALE

Supply:

All orders are accepted subject to:

- Credit limit control
- The availability of stock
- The prices and VAT rate ruling at time of despatch
- The minimum carriage paid order Ireland is €50 and below this carriage will be charged at €5.00.
- The risk (but not ownership) passing to the purchaser on delivery
- All sizes and dimensions being approximate.

Retention of Title:

All goods supplied shall remain LMS property until payment in full of all sums owing to us have been achieved in accordance with these Terms and Conditions of Sale. In default of payment by the purchaser when lawfully demanded, an employee of the Company or a duly authorised agent of the Company shall be entitled to enter the premises of the purchaser and recover those of the Company's goods that are available.

Payment:

Payment terms are net 30 days from the invoice date.

Failure to pay within 60 days of the invoice date will result in the immediate withdrawal of credit facilities. No further deliveries will be made until the overdue amount is paid in full.

Debts unpaid within 90 days of the invoice date will be referred to our Solicitor. No further goods will be released until the outstanding debt is paid in full.

All transactions are subject to credit limit controls. The VAT is included within the credit limit.

Special Orders

Orders for items, which are not included in our ex stock assortment (i.e. they are not listed in our current Trade Price Lists), may be specially ordered on the purchaser's behalf direct ex Factory. The supply of such orders is, in addition to those terms stated above, subject to: -

- Confirmation in writing
 - Availability ex Factory stock
 - Delivery between 4-12 weeks but cannot be guaranteed unless specially advised.
- NOTE: The return for credit of non-stock goods (excluding damaged or faulty goods) cannot be accepted.

Claims

Claims for undelivered, missing, damaged or faulty goods must be made in writing within 7 days of invoice date. The Company will not accept liability for consequential loss or loss of profit that may arise through late notification.

Return of Goods

No goods will be accepted for return without prior authorisation of the LMS Sales Office.

The unauthorised return of goods risks refusal and the goods may be returned carriage forward, to the sender.

All goods being returned should be adequately packed and consigned at your risk. Any goods returned which are not received in a re-saleable condition because of damage in transit will not be credited.

Returns should be consigned to:

Swords
Co. Dublin

The NovaPharm dynamic universally sized range of magnetic supports, incorporate high strength magnets (each 1000 Gauss) placed strategically throughout the support to allow for maximum benefit to the injured area. Made from high quality Neoprene, this range provides firm, uniform compression without restricting movement. The magnetic field created by the high strength magnets can stimulate blood vessels & blood oxygen levels, speeding up the natural healing process.

Ankle Support - Neoprene & Magnetic
Code: NP-045 - 10

Description: The supports are designed to conform to the contours of the body. The Ankle support incorporates **10 Magnets**. Our range of Neoprene Magnetic Supports are ideal for both sporting and everyday uses for men, women and children.

Material content
75% neoprene rubber • 25% nylon
Size: Universal

Pack Size: 6
RRP: €15.00

Elbow Support - Neoprene & Magnetic
Code: NP-047 - 10

Description: The supports are designed to conform to the contours of the body. The elbow support incorporates **12 Magnets**. Our range of Neoprene Magnetic Supports are ideal for both sporting and everyday uses for men, women and children.

Material content
75% neoprene rubber • 25% nylon
Size: Universal

Pack Size: 6
RRP: €15.00

Knee Support - Neoprene & Magnetic
Code: NP-046 - 1333

Description: The supports are designed to conform to the contours of the body. The knee support incorporates **14 Magnets**. Our range of Neoprene Magnetic Supports are ideal for both sporting and everyday uses for men, women and children.

Material content
75% neoprene rubber • 25% nylon
Size: Universal

Pack Size: 6
RRP: €20.00

Wrist Support - Neoprene & Magnetic
Code: NP-044 - 10

Description: The supports are designed to conform to the contours of the body. The wrist support incorporates **8 Magnets**. Our range of Neoprene Magnetic Supports are ideal for both sporting and everyday uses for men, women and children.

Material content
75% neoprene rubber • 25% nylon
Size: Universal

Pack Size: 6
RRP: €15.00

Back Support - Neoprene & Magnetic
Code: NP-048 - 1667

Description: The supports are designed to conform to the contours of the body. The Back support incorporates **30 Magnets**. Our range of Neoprene Magnetic Supports are ideal for both sporting and everyday uses for men, women and children.

Material content
75% neoprene rubber • 25% nylon
Size: Universal (Fits up to 48" waist size.)

Pack Size: 6
RRP: €25.00

FORTUNA®

The Fortuna **Elasticated Range** is made from high quality knitted elasticated material which provides firm and effective support to promote the treatment and prevention of injured and weakened muscles and joints.

The Fortuna Elasticated Range is suitable for both sporting and everyday use.

Neoprene Supports

The Fortuna Neoprene Support Range is made from high quality neoprene rubber which provides constant uniform compression and support. The supports are terry lined which helps reduce the amount of moisture build up whilst being worn and improves comfort. They also retain warmth which increases blood circulation to the injured area thus promoting natural healing and comfort.

Advanced Woundcare

Mepore®

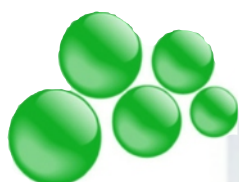

Mepore®

Easy-to-use selfadhesive dressing with increased comfort and wear time Mepore® is the worlds first gentle, secure and long lasting self adhesive dressing. Its absorption qualities makes Mepore a suitable dressing for the treatment of low to moderately exuding wounds such as surgical incisions, minor burns, cuts and abrasions. The protective layer and rounded corners enhance its ease of application.

- Good absorption and solvent-free adhesive
- Gentle and secure fixation, rounded corners and protective layer
- Increased comfort and wear time
- Flexible fabric that conforms well to body contours

Code	Size	Box Size	RRP

Mepitel®

SafetaC
TECHNOLOGY

The no.1 wound contact layer in the world. Mepitel® is a gentle, effective wound contact layer with the unique **SafetaC® technology**. The open mesh design enables good transfer of exudate to a secondary dressing and easy delivery of topical treatments. Mepitel is clinically proven to heal scalds faster and with less pain and cost compared to silversulfadiazine.

- Good transparency lets you instantly assess healing progress without removing the contact layer
- Does not leave residues and maintains functional qualities over time
- True undisturbed healing – can remain in place for up to 14 days.
- Can cost-effectively be used in a wide variety of indications.

Mepilex® Border

All-in-one foam dressing for pressure ulcers and other chronic and acute wounds. Mepilex® Border is an all-in-one foam dressing proven to minimize patient pain and trauma to the wound and surrounding skin. It has been designed to create an optimal healing environment for moderate to high exuding wounds such as pressure ulcers, leg and foot ulcers, traumatic wounds, and other secondary healing wounds. Mepilex Border effectively absorbs and retains exudate and maintains a moist wound environment. The **Safetac®** layer seals the wound edges, preventing the exudate from leaking onto the surrounding skin which minimises the risk for maceration. The Safetac layer ensures that the dressing can be changed without damaging the wound or surrounding skin. Mepilex Border is proven to help prevent pressure ulcers when used in addition with the standard pressure ulcers prevention protocols.

STEROPAD

Steroplast Steropad Low Adherent Absorbent Dressing

The Leading equivalent to Melolin® on the market is highly absorbent & **Double sided** for easy use.

When can I use them?

- To dress post-operative wounds, burns, cuts, grazes and abrasions, especially when you need a high level of absorbence, low adherence and cushioning and comfort
- The sterile absorbent pad draws moisture from the wound and provides padded protection, making it ideal for post-operative wounds and first aid for burns, lacerations and grazes. Steropad's perforated film surface prevents the pad from sticking to the wound, allowing it to be removed painlessly and without re-opening the wound.

Supplied in easy-to-use peel pouches, Steropad should be applied film side to the wound, before being bandaged or taped into position.

Absorbent Dressing Pads

Absorbing compression dressings with high absorption capacity, have a ground-cellulose core and external twin ply from non-woven. Compression dressings with high absorb capacity are intended for strongly secreting wounds dressing and dressing after medical intervention. Quickly divert secretions into the absorbent core of shredded cellulose, which further amplifies, thereby utilizing the absorbent capacity of absorbent cores. Blue line indicates the outside of the envelope.

Sterile packed .

SPORTS TAPE

Sterotape-Z.O. is the official tape of **Charlie Schofield**, Manchester's undefeated Light Heavyweight boxer. When asked about the quality of the tape, Charlie stated "I can honestly say, that the zinc oxide Sterotape is by far the best tape I have ever used." Sterotape Z.O is a rigid, adhesive tape used to strap up joints to prevent sporting injuries. It is the ideal product for use for boxing, mma, tennis, rock climbing, rugby or any other high impact sports.

- Tears easily by hand along both length and width
- No scissors required
- Conforms well to body contours

SMART SOLUTIONS & LEADING TECHNOLOGY

Microlife. A partner for people. For life.

Microlife began as a vision created by its founder K.Y. Lin and has now helped change people's awareness of health worldwide. People from all over the world are assuming responsibility for taking control of their bodies and well-being.

The A6 BT is equipped with AFIB technology, which worldwide is the only reliable atrial fibrillation detection system available during home blood pressure measurements. A6 BT connects to the "Microlife Connected Health" App by using Bluetooth® SMART and enables the tracking of long-term blood pressure trends.

CODE: BPA6BT - 6233

PACK: 1

RRP:€99.99

The A6 PC is equipped with AFIB technology - the world's number one atrial fibrillation (AF) detection system while taking blood pressure measurements at home. The blood pressure data can be uploaded via USB (cable included) to a computer, which helps to easily track, analyse and understand the health condition by using our free BPA software. Moreover, this device was honoured by the "Red Dot" and the German design awards.

CODE: BPA6PC - 5447

PACK: 1

RRP:€99.99

Microlife's A150 AFIB delivers the accuracy and reliability which can be expected from Microlife blood pressure monitors. In addition, the benefit of this device is the unique AFIB technology, which detects Atrial Fibrillation during blood pressure measurements. The A150 AFIB is equipped with a wide range conical shape cuff, that allows a better fit to the arm and improves the accuracy of the measurement

CODE: A150 - 3523

PACK: 1

RRP:€65.00

The Microlife A2 Classic enables a comfortable and accurate upper arm blood pressure measurement at home. With the blood pressure threshold indicator, the reading can easily be classified. A2 Classic records up to 30 measurement values and is equipped with PAD technology for the early recognition of heart arrhythmias. Moreover, the device is delivered with a wide-range M-L-cuff which covers the majority of arm circumferences.

CODE: BPA2 - 2178

PACK: 1

RRP:€39.99

A1 Easy is the smallest and easiest to use automated upper arm blood pressure monitor in the Microlife range. The one-button operation enables an efficient and convenient operation, even when travelling.

Microlife® WatchBP® O3 (Out-Of-Office). Price: €1200 Ex-VAT

A highly affordable, clinically-validated ambulatory blood pressure measurement device.

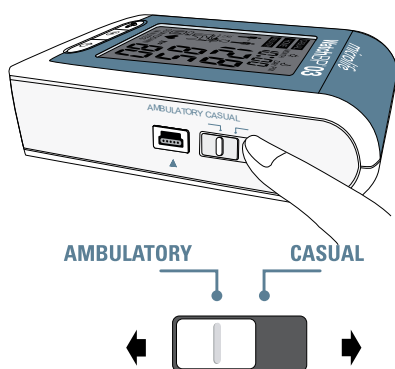

Out-of-office measurements are highly recommended as an adjunct to office measurements by almost all hypertension organizations.

The WatchBP O3 removes many obstacles generally associated with out-of-office measurements.

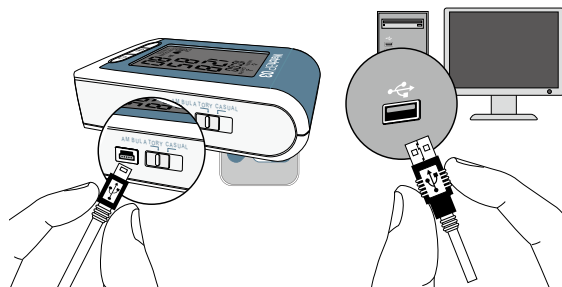

In addition to providing a highly affordable ambulatory blood pressure measurement device (ABPM), the WatchBP O3 also includes an embedded 7-day home measurement mode that strictly follows ESH and AHA measurement guidelines and is suitable for pregnancy, preeclampsia and ESRD. The WatchBP O3 serves as a total out-of-office blood pressure measurement device, validated and recommended for clinical, home and 24-h blood pressure monitoring (<http://www.dablededucational.org>).

The WatchBP O3 has sophisticated software, free of charge.

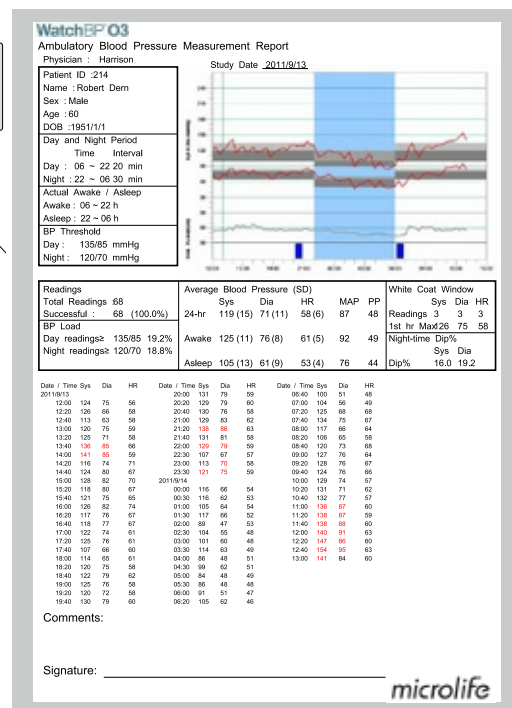

Device	24 hour Ambulatory BP Monitoring	Afib detection	PC Link	Night Time measurement	Pill-Button
WatchBP O3	•	•	•	•	•

USB interface

Easy to read one page PDF

- ✓ Highly affordable.
- ✓ Fully-programmable.
- ✓ Lightweight and compact.
- ✓ Pill intake recording button.
- ✓ PC connectivity via USB.
- ✓ Software CD included, and can also be downloaded from the website: www.watchbp.com
- ✓ Reports provided in PDF, Excel (or Open Office).
- ✓ Atrial fibrillation detection.
