Questions and answers:

How quickly can I lose weight?

To lose half a kilo in a week, you have to save 3,500 kcal. With a conscious diet, moderate exercise and the support of formoline L112 EXTRA makes it easier to save a lot of calories.

Losing weight with pleasure - is that possible?

Eating also means enjoying food. formoline L112 paves the way for you to lose weight more easily and healthily without having to sacrifice a tasty normal diet with approx. 80 g of fat per day. The freedom to eat with pleasure not only motivates you, but also helps you to keep going for longer.

When should I take formoline L112 Extra?

We recommend taking formoline L112 EXTRA with fatty foods, e.g. pizza, curry, roasts with gravy, Fried chicken, sausage, cheese, cream cakes, potato chips, chocolate, etc. Formoline L112 does not work well with high calorie products, where the calories come from sugar, alcohol, sugary drinks, refined carbohydrates, (Bread, Pasta).

Can I tolerate formoline L112 Extra?

formoline L112 EXTRA is very well tolerated and can also be taken long-term for weight control. In very rare cases, digestive problems (constipation, flatulence, bloating) are reported, mainly due to insufficient fluid intake.
